MARTIAL LAW IS ON.

It Has Been Declared in Several Townships Around Pittsburg.

DEPUTIES TAKE THE ROAD.

All Persons Who Do Not Leave When Ordered Will Be Arrested—Camps of the Strikers Will Not Be Invaded for the Present.

Pittsburg, Aug. 19.—Martial law has been declared in Plum, Nation and Wilkins townships by Sheriff Lowrey. Three miles of the New York and Cleveland Gas Coal company are in these townships and all roads leading to them will be patrolled by his deputies. Persons who cannot give satisfactory account of themselves will be ordered to leave the neighborhood, and upon refusal will be arrested.

The sheriff will not attempt to break up the camp of the strikers until court has passed on the question, but no one will be allowed on the company's property who fails to have a pass signed by Superintendent De Armit.

There are now nearly 400 men in camp at Plum Creek. The large to-ads are packed and the men are hungry. There were 23 evictions near Plum Creek.

Passengers on the train from Pittsburg to Turtle Creek say a man who

gave his name as John Moore, said he was from the Oquendo mine and announced he was going to kill Sam De Armit. The claim is made there are a number of arrests in the vicinity of the mine, who are after the De Armit. They are not in camp, however. Samuel De Armit is under arrest by the sheriff. Neither he nor the sheriff will say for what, but the strikers say it is to prevent his arrest by any possible means, which would be impossible as long as he is in the sheriff's charge.

ABANDONED THE MEETING.

Some One That the De Armit Are Preparing to Import Strikers.

Pittsburg, Aug. 19.—The strike leaders for some reason, have abandoned the idea of having a meeting of the heads of different labor organizations to discuss matters relating with the adverse ruling of the court on the strikers' injunction.

There is a rumor that the De Armit have arranged for the importation of 500 foreign workmen next Monday to work in the Turtle Creek and Plum Creek mines. This is denied by Thomas De Armit, but in spite of this it is believed the New York and Cleveland Gas Coal company will give notice to all strikers that they are willing to reemploy all old hands and should the strikers not return to work within a few days the company will try to employ new men.

The work of securing signatures to the uniformity agreement is progressing favorably and in a few days the list will be ready for publication.

ATTACKED BY REBELS.

Several Towns Invaded and Stores Racked by the Insurgents.

NO RESISTANCE WAS MADE.

The Spanish Did Not Seem Disposed to Go After the Insurgents—Insurgents Among the Troops Is Increasing at an Alarming Rate.

Key West, Aug. 18.—The Cerro in outskirts of Havana, was attacked by the insurgents who sacked the stores and took all the horses from the stables of the Xanillo estate.

At Rango, near Manzanillo, insurgents attacked the town and sacked the stores where they captured arms, ammunition and all kinds of supplies.

The Spaniards made no resistance. Rego, the insurgent leader, also entered Sagua La Grande, remaining in town several hours. The insurgents' officers had time to see their friends in the stores, and they gave freely all that the insurgents needed.

A large number of Spanish forces have left Havana to make an attack on the insurgents at Lomas del Grillo, near Madruga, Havana province, where the Spaniards have been badly defeated.

A letter to Maximiliano Gomez states that they have orders to attack the towns of Pinar del Rio, and that the

ROBBERS LOOT A BANK.

Three Held by the Cashier at Frontville and One a Small Boy.

Springfield, Mo., Aug. 18.—Three men armed with revolvers went into the Frontville bank yesterday and forced the cashier to hold his hands up and secured about \$400, mostly alive.

A posse pursued the robbers and exchanged several shots without effect. The robbers turned north about four miles from Frontville and escaped. One was dark and low set, apparently an Indian. They are believed to be members of what is known as the Outlaw gang.

A post from Noel encountered the robbers about one mile west of the Noel hills, and a number of shots were exchanged. Two of the robbers abandoned their horses, which, when found, were sprinkled with blood. It is thought both men were seriously wounded.

Utica Mines on Fire.

August Camp, Cal., Aug. 18.—The great Utica mine is on fire. Flames and smoke are issuing from the 300 foot level. It was with difficulty that the men made their escape. The fire is supposed to have originated from spontaneous combustion caused by hard and old. It is impossible at present to estimate the extent of the loss that the fire will cause, but it is safe to say that it will amount to hundreds of thousands of dollars. Not only are the mine owners affected, but the whole town of August Camp, which contains a population of 4000, which are almost dependent upon the miners employed in the Utica group of mines. There are 1000 men employed by the company and should the fire prove as serious as reported these men will be left in destitute circumstances.
